

Assignment No.: 03

Problem Statement: Create IAM user and give full access to S3

Solution Process:

1. Go to the AWS console and search Identity and Access Management (IAM).
2. Then go to the users option and click the create user.
3. Fill the user details and create a password

4. Click next and set the S3 full access permission.
5. After the review the IAM user details and then click on the create user option.

6. Finally IAM user is created with S3 full Access permission
